Dear Students and Parents/Caregivers,

Please find on the back of this page the NAPLAN testing schedule for Year 7 and 9 students in 2018. Students will sit the tests with their class groups for English (Literacy – Tuesday 15 May, Wednesday 16 May) and Mathematics (Numeracy – Thursday 17 May). The schedule has been set nationally so that tests are done within the same timeframe around the country.

Please ensure you have the following with you:

- Water Bottle
- **2B/HB Pencils** – at least 2
- **Black or blue pens** for writing Wednesday
- Pencil sharpener
- Eraser
- Tissues
- **Approved scientific calculator** for the Thursday morning test.

There are some strict instructions for the test which need to be adhered to such as:

- **Stay silent and quiet throughout the entire test until outside the door.**
- **No one can leave before the time allocation has expired.**
- **Read everything and try to understand what the question asks.**
- **Answer and/or attempt all questions.**
- **If you have any general queries – raise your hand and wait until someone assists you.**
- **Visits to the toilet must be supervised so please ensure you go to the toilet before the test starts.**
- **Focus on your test the whole time.**

If testing conditions are compromised i.e. students will not settle, are distracting others or attempting to cheat, the student will be escorted to an alternative classroom to sit the test in isolation.

There are practice activities available on the KSHS Connect Library in the NAPLAN folder. All students have access to this and can access past NAPLAN papers to familiarise themselves with the layout and the types of questions asked. Answers and tips are also available through this Connect class. Students are encouraged to access and utilise this support.

If you have any queries do not hesitate to phone me on 9187 8000, alternatively you can visit the NAPLAN website for further information and access to example tests at <http://www.nap.edu.au>.

Yours sincerely

Debbie English
